

# Projects in the certification process

Document Number: REC-PROJ-001

Version: 1.0

Effective Date: 11th April 2025

Author: NO

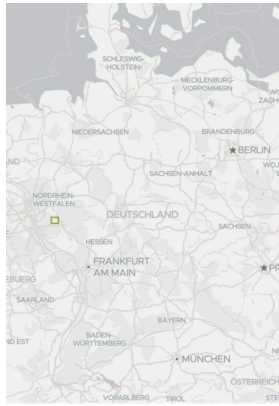

Approved by: RM

## 1. Purpose

This document provides an overview of all current Forest Climate Standard projects that are undergoing the certification process under Methods 01, 02, and 03. The aim of this overview is to involve stakeholders in the respective project countries in the project development process through a project level consultation and to take their interests into account.

## 2. Projects in the certification process

Code	Growth Region	Start	Total Area	CO2	Method	Project site
DE00176	Sauerland	14/03/23	42 ha	7601 t	01	

DE00172	Bergisches Land	24/02/24	64 ha	8997 t	01	
---------	-----------------	----------	-------	--------	----	---

### 3. How to Participate

Stakeholders are encouraged to share their input and engage in project-level consultations through the following channels:

- Email: [kontakt@ecosystemvalue.org](mailto:kontakt@ecosystemvalue.org)
- Postal Mail: EVA Service GmbH, Leipziger Str. 70, 06108 Halle
- In Person: By appointment
